

REACH Library - \$2,750

\$2,750 is all it takes to start-up our REACH library! With very little encouragement and access to reading and books, children in Cambodia miss out on the opportunity to delve into the world of books. But with the right amount of funds, we can change this reality of over 200 students that attend REACH.

Not only does a library promote literacy, but it also expands a child's learning abilities and helps develop their educational experience. It also helps foster inquisitive minds and builds a love for knowledge.

Help us set-up our library and provide REACH students access to their very own library.
