

REACH Siem Reap

Provide Rice Rewards to Keep Ten Kids in School \$900

Our Rice Rewards program sees that each of our families receives 10 kgs of rice and 10 eggs per student in the household who have optimal attendance rates in both public school and in supplementary classes at REACH Siem Reap each month. \$900 covers the annual cost for 10 students, helping support disadvantaged families by providing them with much needed nutritional sustenance while incentivizing the continuation of their education and preventing the risk of falling into exploitative labor.
